THE PURPOSE OF THE HEART OF TEXAS COUNCIL OF GOVERNMENTS

The Heart of Texas Council of Governments (HOTCOG) is an organization of local governments working together voluntarily to solve mutual problems and plan for the future of the six-county area. Currently, HOTCOG has over 85 member governments made up of: counties, cities, school districts, community colleges, and special districts. HOTCOG was originally established in 1966 and serves a geographic area covering Bosque, Falls, Freestone, Hill, Limestone, and McLennan counties.

Regional councils, by law, are political subdivisions of the state; with authority to plan and initiate needed cooperative projects but does not have powers to regulate or tax which are exclusively assigned to cities and counties. As any other political subdivision, regional councils must abide by laws governing open meetings, open records, and the conduct of public officials. HOTCOG is also required to obtain an annual audit to assure accountability of public funds.

HOTCOG's basic responsibilities include:

- planning for area development,
- implementing regional plans or recommendations,
- contracting with members to provide certain services,
- providing review and comment on proposals seeking federal and state financial assistance,
- implementing grant services from federal and state programs.

Other duties include comprehensive planning for regional criminal justice, 9-1-1, solid waste, economic development, aging, transportation and rural development. HOTCOG also provides local governments with technical assistance and training.

The Council of Governments is financed through local, state, and federal funds with state administered resources composing most of the budget. Local funds are provided by dues paid from member governments. Members are assessed dues based on their political identity and population. HOTCOG has operated an increasing progressive fiscal program for 36 years without an increase in the local dues structure. Federal funds may be distributed to HOTCOG directly or passed through State agencies.

HOTCOG's policies and programs are recommended by citizen's advisory committees and approved by the Executive Committee and Board of Directors.

Advisory committees are composed of both elected and appointed local officials and concerned citizens. These committees help define the needs of the region. HOTCOG advisory committees include:

Health and Human Services Advisory Council	Criminal Justice Advisory Committee
Regional 9-1-1 Advisory Committee	Transportation Advisory Committee
Regional Solid Waste Management Council	Regional 9-1-1 Advisory Committee
Emergency Preparedness Advisory Committee	

The Board of Directors is composed of one or more elected officials from each member government who meet twice yearly to provide overall policy direction to the agency staff. The seventeen-member Executive Committee meets monthly to oversee operations of HOTCOG and has the authority to enter into contracts and execute official documents. The Executive Committee also approves the regional service plans and guides budget expenditures within the overall policy established by the Board. Information about HOTCOG's programs may be obtained at our office at 1514 South New Road in Waco, Texas at (254) 292-1800.
